**DETAILED ACTION**

***Response to Amendment***

1. Claim 10 have been amended. Claims 1-9, 14-35 have been cancelled. Claims 36-38 have been withdrawn. Claims 10-13 are pending.
2. This application is in condition for allowance except for the presence of claims 36-38 directed to claims non-elected without traverse. Accordingly, claims 36-38 been cancelled.

***Allowable Subject Matter***

3. Claims 10-13 are allowed.
4. The following is an examiner's statement of reasons for allowance:
5. Claims 10-13 are allowable because prior art fails to teach or suggest, either alone or in combination, for having a touch display with triangular zones with a monitoring method as specified in the claims. In particular, the claimed invention is allowable because the claimed invention teaches of "[a] method of determining the location of a touch event within a display area surrounded by a touch frame having a plurality of light emitting elements and a plurality of light receiving elements forming a plurality of triangular zones of light beam paths... the number and positioning of receivers being sufficient to form partially overlapping zone pairs such that the touch event lies entirely within at least two zone pairs, said method comprising: monitoring each of the zone pairs for blockage of at least one light beam path, wherein monitoring comprises: comparing the profile of the output to an expected profile having a time-based noise threshold; identifying a light beam as noise if there is a pulse edge in the profile prior to the noise threshold; identifying a light beam as connected if there is a pulse edge in the profile after

*the noise threshold; and identifying all other light beams as blocked; and upon such blockage, calculating the location of the touch event associated with the blockage based on the slopes and end points of at least two intersecting blocked light beam paths from a first zone pair and two intersecting blocked light beam paths from a second zone pair.”*

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
